More than 100 miles offshore Guyana, three of the world"s largest, best-in-class floating production storage and offloading (FPSO) vessels - the Liza Unity, the Liza Destiny ...

Guyana"s landmark Gas-to-Energy project reached a critical milestone with the arrival of a 30-MW backup battery energy storage system (BESS) at Georgetown"s John ...

The project is a central component of Guyana"s push to lower energy costs and emissions by replacing heavy fuel oil (HFO) with natural gas for electricity generation.

As a key component of Guyana"s landmark Gas-to-Energy (GtE) initiative, the BESS will enhance the project"s efficiency and reliability, helping to stabilise the national grid, ...

Designed to respond instantaneously, BESS provides "critical" backup power to protect the integrity of the electrical grid and maintain operational stability in the event of ...

Guyana Power and Light has launched a tender for an EPC contractor to build three solar plants in Guyana with a combined 15 MWp capacity and 22 MWh of battery storage.

Guyana has unveiled a new 0.65 MW grid-forming solar project, paired with a 1,500 kWh battery energy storage system (BESS) and a 13.8 kV transmission line.

Guyana has unveiled a new 0.65 MW grid-forming solar project, paired with a 1,500 kWh battery energy storage system (BESS) ...

From solar-plus-storage farms that could power entire villages to innovative microgrid projects in mining sites, Guyana"s energy storage sector is hotter than a poorly ...

As a key component of Guyana"s landmark Gas-to-Energy (GtE) initiative, the BESS will enhance the project"s efficiency and ...
