Are new shipping containers more expensive than used?
New containers are typically more expensiveas they are in perfect condition and ready for long-term use. Used containers are less costly but have some wear and tear. Shipping container sizes and prices are directly linked to each other. The price also depends on how well the container has been maintained over time.
How much do shipping containers cost?
There are several options available: Cargo-worthy 20ft dry containers. Prices range from $500 to $3,000. Cargo-worthy 40ft dry containers. Expect to pay between $1,000 and $3,500. 40ft high cube (HC) cargo-worthy containers. Shell out between $1,500 and $4,000. The condition of the container greatly influences how much shipping containers cost.
