Illuminate your streets and outdoor areas with this powerful solar street light. Boasting an impressive 180 lumens of super brightness, it lights up every night without fail, ...

The diecasting aluminum material is strong and light, and has a high hardness. While meeting the quality requirements of the lamps, it minimizes the weight and makes the lamps more safe and ...

The 180W solar powered street light is designed for these large-scale outdoor spaces, delivering high lumen output and reliable operation without the constraints of traditional wiring.

High-efficient power generation, large capacity, high light efficiency, small volume, long life span, lightweight and handy carrying. o High quality at an accessible price application for Highway ...

Equipped with a high-efficiency MPPT solar controller and an intelligent sensor, the ZAIN solar street light optimizes energy savings while providing reliable lighting performance. It is the ...

We use the latest 4G single-lamp external card IoT solution, the signal is stable and does not require networking, and the operation is simple.

Compact and efficient, this solar street light offers 60W to 150W power, a durable LiFePO4 battery, and IP65-rated weatherproofing. A commercial-grade solar street light with 180W to ...

The diecasting aluminum material is strong and light, and has a high hardness. While meeting the quality requirements of the lamps, it ...

Designed for maximum performance, the 180W model is tailored for extra-wide illumination needs, making it ideal for highways, airports, logistics hubs, industrial parks, and large municipal ...

Built with high-efficiency solar panels, a robust Li-ion battery, and smart control options, the Mega Power Solar Street Light ensures consistent performance and long-lasting brightness.

180W high power solar light
