Our containerised sewage treatment plant (STP) is made for easy setup and relocation. This solution is ideal for remote locations such as mining camps and oil rig sites.

This 200kwh battery storage provides a robust, scalable solution for reducing energy costs and supporting renewable energy integration. Whether for peak shaving, backup ...

This 200kwh battery storage provides a robust, scalable solution for reducing energy costs and supporting renewable energy integration. Whether for peak shaving, backup power, or grid ...

Each system is constructed in a environmentally controlled container including PCS, fire suppression, STS, HVAC and MPPT. Each complete system offers users a hassle free service ...

The first demonstration wastewater treatment plant under this project is fully operational at Ultravetis East Africa Ltd, a pharmaceutical animal health company operating in ...

Whether you're looking to purify borehole water for domestic use or set up an industrial wastewater recycling system, our water treatment plants are engineered for efficiency, ...

These container energy storage systems are ideal for demanding applications where other sources might be inefficient or unpredictable. All ...

We offer 200 kWh battery energy storage systems to enhance energy efficiency and ensure reliable power management. High-performance BESS cabinets for commercial and industrial use.

Nature Systems offer an inexpensive alternative for waste water treatment and disposal. Our on-site treatment plants are designed with simple functionality in mind.

Nature Systems offer an inexpensive alternative for waste water treatment and disposal. Our on-site treatment plants are designed with simple ...
