Microgreen offers large-scale energy storage that is reliable in harsh environments, cost effective with top energy density, and provides best return on investment.

BioKube offers containerized wastewater treatment plants for easy setup and relocation. This solution is ideal for remote locations such as mining camps and oil rig sites.

Microgreen offers large-scale energy storage that is reliable in harsh environments, cost effective with top energy density, and provides best ...

Each container is equipped with a photovoltaic array, a battery bank, and a generator -- all custom-sized to meet the specific needs of the customer. With integrated remote monitoring ...

Built in a 40ft High Cube foldable container, this all-in-one portable system is tailored for long-term off-grid operations requiring ultra-high capacity and energy security.

Discover how sanitation and wastewater facilities benefit from using solar energy. Learn the advantages, case studies, and future innovations.

This article provides an overview of harnessing solar energy for wastewater treatment plants, highlighting its relevance and importance ...

LZY's photovoltaic power plant is designed to maximize ease of operation. It not only transports the PV equipment, but can also be deployed on site. It is based on a 10 - 40 foot shipping ...

Its all-in-one container design simplifies deployment, reduces installation time, and maximizes space efficiency. Equipped with built-in cooling, fire safety systems, and a smart energy ...

The Bluesun 40-foot BESS Container is a powerful energy storage solution featuring battery status
