What arc protection products does Schneider Electric Australia offer?

Schneider Electric Australia. Discover our range of products in Arc Protection: PowerLogic(TM) A5 Arc Protection, PowerLogic(TM) A1 and A3, PowerLogic(TM) P3 Protection Relays, PowerLogic(TM) P5 Protection Relays

What arc flash mitigation solutions are available?

Improve safety with our extensive portfolio of arc flash mitigation solutions including arc quenching and arc-resistant switchgear, Power Xpert XGIS switchgear, Power Xpert Dashboard, Power Defense molded case circuit breaker, Insulgard, arc flash relays and more.

Can switchboard design reduce arc flash risk?

Yes. Lowering incident energy through faster breakers or improved layouts can reduce the required arc-rated PPE level for tasks. Switchboard design isn't just about distribution--it's about protection. Every layout decision, from breaker selection to busbar spacing, shapes your arc flash risk profile.

Is your switchboard causing arc flash?

But your switchboard's design might be quietly increasing your risk--even before anyone opens a panel or flips a breaker. Arc flash energy depends on available fault current, clearing time, and working distance--but all of those are directly influenced by how your switchboard is built.

Our arc flash suits and kits are available with a variety of garment styles, hoods, and materials. Arc flash suits can be rated to 8 cal to 100 cal, for category/level 2 to level 4 protection.

Each piece of flame resistant clothing that we sell has been designed to provide unparalleled protection from the thermal effects of an arc flash. Switching suits are a solution that provides ...

Our arc flash suits and kits are available with a variety of garment styles, hoods, and materials. Arc flash suits can be rated to 8 cal to 100 cal, for ...

Point Eight Power offers a full line of low- and medium-voltage arc-resistant switchgear to help combat the over 30,000 arc flash incidents that occur ...

What are the most effective equipment upgrades for arc flash mitigation? Installing arc-resistant switchgear, current-limiting circuit ...

Schneider Electric Australia. Discover our range of products in Arc Protection: PowerLogic(TM) A5 Arc Protection, PowerLogic(TM) A1 and ...

What are the most effective equipment upgrades for arc flash mitigation? Installing arc-resistant switchgear, current-limiting circuit breakers, fast-acting relays, and remote ...

Improve safety with our extensive portfolio of arc flash mitigation solutions including arc quenching and arc-resistant switchgear, Power Xpert XGIS switchgear, Power Xpert Dashboard, Power ...

In fact, poorly designed or ageing boards are one of the most common contributors to high incident energy in Australian facilities. Let's ...

In fact, poorly designed or ageing boards are one of the most common contributors to high incident energy in Australian facilities. Let's take a closer look at how your ...
