Nandu uses hybrid storage that's part lithium, part flow battery - like having both espresso and filter coffee ready 24/7. This combo tackles everything from multi-hour outages ...

The new facility officially went live in early June, with the delivery of Hithium's 16 energy storage containers, each with a capacity of 3.44MWh, to Solarpro.

In an accelerating investment wave, companies in Romania are combining BESS with solar power, hydropower and wind power, or ...

International Power Supply (IPS), a Bulgarian manufacturer of battery energy storage systems, is about to launch operations at its new facility near Sofia. Its latest model ...

As Skopje's manufacturing output grows 7% annually *, the city faces mounting pressure to stabilize its grid. Traditional power infrastructure simply can't keep up with the 23% surge in ...

Containerized energy storage solutions now account for approximately 45% of all new commercial and industrial storage deployments worldwide. North America leads with 42% market share, ...

A hybrid power plant with adjacent energy storage was commissioned in Osku, Veszprem county in western Hungary, which, unique to Central Europe, can store solar energy for six hours.

With increasing renewable energy adoption and grid stability challenges, container energy storage systems (CESS) have emerged as the Swiss Army knife of urban energy ...

In an accelerating investment wave, companies in Romania are combining BESS with solar power, hydropower and wind power, or building standalone energy storage facilities.

Our project integrates a 60 MW battery energy storage system (BESS) into the Balkans' largest private solar power plant, FEC Novaci. Currently under construction, the facility will be ...
