Upon completion, this will be Egypt's first large-scale integrated solar and battery storage project, aligning with the country's goal of achieving 42% renewable energy in its ...

Norwegian renewables developer Scatec has broken ground on its 1.1 GW solar and 100 MW/200 MWh battery energy storage project in Egypt. The project, billed as Egypt's ...

It takes Egypt's green energy transition to another level by harnessing the power of the sun, not just during the day but also at night, thanks to the combination of solar and battery ...

Scatec, a Norwegian leader in renewable energy solutions, has officially commenced construction on its ambitious 1.1 GW Obelisk solar project coupled with a 100 ...

Egypt's first large-scale hybrid solar and battery plant has begun construction as the country looks to its abundant sunshine to help fix its energy crisis.

"We are proud to break ground on Egypt's first hybrid solar and battery project, building on our proven track record with similar developments.

The project, which is planned in two phases, is expected to be fully operational by the second half of 2026. The first phase will introduce 561 MW of solar capacity and 200 MWh ...

Egypt's first large-scale hybrid solar and battery plant has begun construction as the country looks to its abundant sunshine to help ...

"We are proud to break ground on Egypt's first hybrid solar and battery project, building on our proven track record with similar ...

The project, developed by Scatec ASA through its subsidiary Obelisk Solar Power SAE, will help stabilize Egypt's energy grid and reduce reliance on fossil fuels.
