How long does a solar panel warranty last?

A standard solar panel warranty should come with at least 10 years of protection, though many premium options now offer 25 or even 30+ years of coverage. Most solar panel warranties won't reimburse for labor costs associated with installing new equipment or shipping fees for replacement parts.

Which solar panels have a 25-year warranty?

SunPower has the best solar panel warranties, with a 25-year product warranty and a power performance guarantee of 92% after 25 years. However, Panasonic also offers some of the best solar panel warranties in the PV industry, with a power performance guarantee of 90.8% after 25 years. What Solar Panels Have a 25-year Warranty?

What is a solar power warranty?

A solar panel's power warranty ensures that it will generate a certain percentage of its original output through its expected lifespan. Also known as the performance warranty, today's top-tier solar panels are sold with power warranties of at least 80% electricity-generating capacity after 25 or 30 years.

How long does a panel warranty last?

Although most major module manufacturers offer equipment warranties for at least 10 or 12 years, some premium panel manufacturers or lines have longer protection, such as 20- or even 25-year warranties. Gradually, some manufacturers have been offering longer product warranties. Just 10 years ago, few offered product warranties of 25 years.
