What are container homes NZ?

Container Homes NZ give Kiwis a practical, affordable alternative to traditional housing. With Portable Dwellings, you receive clear pricing, NZ-wide delivery, and long-term support. In addition, you can customise your home with decks, roofs, or off-grid power systems. Ready to design your container home? [...]

What is the cheapest container home in NZ?

Our 20ft container home is the cheapest home we offer. They are a great starting point to build from. Container homes in NZ emerged around 2010. Presumably, the idea evolved from the construction and mining sectors which use shipping containers to build working offices and accommodation for fly-in/fly-out workers.

Are prefab tiny homes a good choice in New Zealand?

Our prefab tiny homes in New Zealand are made with high-quality materials and are designed to be easy to assemble, making them an ideal choice for those who want a DIY option. With our easy-to-follow instructions, you can have your off-grid cabin up and running in no time.

Should you buy a container house in NZ?

If you are comparing container homes in NZ, you want clear pricing, fast delivery, and no surprises. Traditional builds are slow and costly; meanwhile, you deserve a smart, affordable home that is built for New Zealand conditions. Portable Dwellings delivers container houses that are practical, stylish, and supported by a simple process.
