What is an off-grid container home?

A 640 sq ft off-grid tiny home with inverter options, delivering sustainability and comfort in a compact design. Perfect for reducing utility costs and enjoying peaceful, off-grid living. In 2024, we proudly launched our line of off-grid container homes to promote energy-conscious, independent living.

Does stealth power offer solar for shipping containers?

We are proud to partner with one of the leading providers of factory installed solar options for shipping containers. Learn more about the product and inquire below. Who is Stealth Power? Stealth Power provides fleet electrification and off grid solar solutions for customers of all kinds.

Can a truck drop a container off grid?

Many customers explore off grid solutions due to the simplicity and maneuverability of our containers. As long as a truck can get to the plot of land, we can drop your container. Now you have the option to go fully off grid with a few other add-ons, directly from Bob's Containers.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Below is an exploration of solar container price ranges, showing how configuration choices capacity, battery size, folding mechanism, and smart controls drive costs. Prices span ...
