What are fixed wall bulk containers?

Fixed wall bulk containers are short, sturdy containers with non-collapsible sidewalls and one-piece molded base construction. These containers are ideal for applications with high-weight, low-volume requirements. Browse our full line of fixed wall bulk containers, available in multiple heights and footprints.

What is a high-performance temperature controlled shipping container?

A high-performance temperature controlled shipping container, as offered by Insulated Products Corp, protects your temperature-sensitive goods from spoilage during transport. Insulated Products Corp provides high-performance and cost-effective solutions for all your thermal packaging needs.

What types of plastic bulk containers are available?

At Reusable Transport Packaging, we offer plastic bulk containers and reusable bulk containers in nearly every style you can imagine--collapsible, stackable, food-grade, vented, insulated and more. From transporting food, shipping automotive parts, or staging product for retail, we have the right plastic bulk containers options for you.

What are insulated bulk containers used for?

Insulated bulk containers are essential for storing and transporting temperature-sensitive products across various industries, including fishing, food service, grocery distribution, dry ice, and dairy. This month's trending product: This 48' x 45' x 34' bulk container has proven popular for all industrial bulk container applications.

These containers are ideal for applications with high-weight, low-volume requirements. Browse our full line of fixed wall bulk containers, available in multiple heights and footprints.
