In response to Qatar's recent push for solar development, Namkoo is proud to share the successful deployment of a 100kVA off-grid solar energy system, now fully operational in one ...

Constructed within robust shipping container enclosures, our energy storage systems are designed to withstand the elements. Protected from harsh weather conditions, our units are ...

What is the difference between on-grid and off-grid? On-Grid Systems tie directly to your utility grid, selling an alternative source of energy in ...

Namkoo's 100kW solar power and battery storage system is transforming off-grid energy in Qatar. Find out the off grid solar system solution.

We specialize in industrial and commercial solar systems (for factories, agriculture, schools, villages, and building electricity) as well as BESS megawatt-level battery energy storage projects.

The Intech Energy Container is a fully autonomous power system developed by Intech to provide electricity in off-grid locations. Each container is equipped with a photovoltaic array, a battery ...

Construction giants like Qatar Building Company now require suppliers to submit mobile solar container quotations with 10-year degradation guarantees. Because when you're bidding on ...

We specialize in industrial and commercial solar systems (for factories, agriculture, schools, villages, and building electricity) as well as BESS ...

Namkoo's 100kW solar power and battery storage system is transforming off-grid energy in Qatar. Find out the off grid solar system ...

They can be installed in remote areas that are not connected to the national grid, making them an ideal solution for off-grid communities, military bases, and disaster-stricken areas.
