We offer photovoltaic panels, photovoltaic inverters, battery storage and other components necessary for the construction and installation of solar energy systems.

Our high-performance monocrystalline panels are ideal for integrated solar container deployments. With exceptional energy density and compact dimensions, they support foldable ...

Find solar panel locations in Slovakia through our Slovakia solar farm map. Analyze the main characteristics of solar farms in this country, sort these by capacity, panels area and ...

SunContainer Innovations - Slovakia's push toward renewable energy integration has turned its energy storage power station projects into a goldmine for international investors.

PV (Photovoltaic) containers are innovative shipping containers equipped with solar panels to generate electricity. They combine the functionalities of traditional shipping ...

AGORA photovoltaic modules are characterized by high durability and top quality. They are manufactured in Slovakia, according to the strictest European standards and are secured by ...

The convergence of new technologies in Solar Photovoltaic Container Systems is revolutionizing decentralized energy alternatives. Challenges apart, potential is vast, founded ...

This is an off-grid solar inverter combined with the functions of an inverter, MPPT solar charger, and battery charger to offer stable power output. 1KW off-grid PV inverter with built-in 40A ...

by means of the photovoltaic effect. The transfer to thermal energy most often occurs in solar panels. ... For this purpose, these island systems contain special energy storage batteries design

AGORA photovoltaic modules are characterized by high durability and top quality. They are manufactured in Slovakia, according to the strictest ...
