-----

Reliable quality leads to a better sustainability even in harsh environment like desert, farm and coastline. High module conversion efficiency (up to 16.58%), through innovative manufacturing ...

Sharp's NE-80EJE photovoltaic modules offer industry-leading performance, durability, and reliability for a variety of electrical power requirements using breakthrough technology ...

The module is built to last and features a 25-year limited power output warranty. To ensure long life, the high-efficiency solar cells are encapsulated between a special tempered, low-iron solar ...

Learn about the Sinosola SAF-80W solar panel. Explore solar panel efficiency, warranties and more.

Our range of solar panels are constructed from ultra-efficient polycrystalline and have been designed to provide a reliable and cost-effective alternative energy solution for applications ...

The Ultra high efficiency 80W DC-80 solar panel, with our top of the range monocrystalline silicon cells, is designed for both industrial and residential off-grid including the marine community, ...

Technical parameter Maximum Power(W) 80W Optimum Power Voltage(Vmp) 15.90V Optimum Operating Current(Imp) 5.03A Open Circuit Voltage(Voc) 18.58V Short Circuit Current(Isc) ...

High-power module (80W) using 125mm square multi-crystal silicon solar cells with 12.60% module conversion efficiency. Photovoltaic module with bypass diode minimizes the power ...

The module is built to last and features a 25-year limited power output warranty. To ensure long life, the high-efficiency solar cells are ...

The Solarland® SLP080S-12M is a versatile and efficient 80-Watt solar panel that delivers reliable power output. With its maximum power output of 80 watts under standard test conditions ...
