Will Tunisia build a large-scale PV project?

Tunisia's Ministry of Industry, Mines and Energy has launched a tender for the construction of several large-scale PV projects with a combined capacity of 200 MW.

Does Tunisia support solar?

Tunisia is supporting utility-scale solar through a series of tenders, the latest of which was launched in January 2023. It also finalized a 500 MW solar tender in December 2019. The country's cumulative installed PV capacity stood at just 506 MW by the end of 2023, according to the International Renewable Energy Agency (IRENA).

When do solar projects start in Tunisia?

Interested developers have until Jan. 15 to submit their project proposals. Tunisia is supporting utility-scale solar through a series of tenders, the latest of which was launched in January 2023. It also finalized a 500 MW solar tender in December 2019.

When will Tunisia get a photovoltaic power plant?

The government will await proposals until April 30, 2025. The capacity will be awarded under the second round of the country's AO-01-2022 call for tenders, through which Tunisia aims to find contractors for 1,700 MW of photovoltaic (PV) projects under its national renewable energy development programme.

Tunisia's Ministry of Industry, Mines and Energy has opened a tender that will award two solar projects with a combined capacity of 200 ...

The Tunisian Ministry of Industry, Mines and Energy has launched a tender for the development of 200 MW of solar PV capacity under the concession regime in Tunisia.

Tunisia is ramping up its solar energy ambitions with the launch of a new 200 MW PV tender, announced earlier this month, further solidifying its commitment to renewable ...

Tunisia recently announced a call for tenders for the construction and operation of 200 MW of photovoltaic solar capacity. This project is part of a broader national strategy to accelerate the ...

Developers have until April 20 to submit their proposals. The energy ministry recently approved four solar projects under the first phase ...

Tunisia's Ministry of Industry, Mines, and Energy has launched a new tender for the development of large-scale solar PV projects, with a ...

Tunisia's Ministry of Industry, Mines and Energy has invited bids for 200 MW AC of solar PV capacity development, to be installed as 2 separate projects with 100 MW AC ...

Tunisia's Ministry of Industry, Mines, and Energy has launched a new tender for the development of large-scale solar PV projects, with a total capacity of 200 MW.

Tunisia's Ministry of Industry, Mines and Energy has launched a tender for the construction of several large-scale PV projects with a combined capacity of 200 MW.

Tunisia has launched a tender through its Ministry of Industry, Mines, and Energy to allocate 200 MW of solar photovoltaic (PV) capacity.
