Is 5G available in the Maldives?

5G: The Maldives was an early adopter in South Asia of fifth-generation mobile technology. Dhiraagu launched the first commercial 5G service in the Maldives (and South Asia) in 2019 on a limited basis in Maldives. Ooredoo followed with a 5G launch in select areas of Greater Maldives; by December 2020.

What is mobile network coverage in Maldives?

Mobile connectivity is the primary means of internet access for most Maldivians, and coverage has expanded to virtually the entire country. Between Dhiraagu and Ooredoo, comprehensive mobile network coverage reaches nearly 100% of the Maldives' inhabited islands. Key developments in mobile network generations include:

How fast is 4G in the Maldives?

Even on 4G, typical download speeds of 20-40 Mbps are common in populated areas. This means mobile users in the Maldives can stream HD videos, participate in video calls, and use data-heavy apps with relative ease - a significant achievement for a tropical island nation.

Which countries have the best 5G coverage?

The really big standout is India which seems to have blanketed the country in 5G coverage within just the last 2 years. This contrasts strongly with its neighbours like Pakistan, Myanmar and even large parts (of mostly sparsely populated) China. Europe also has good coverage up until you reach Ukraine and Belarus and into Russia.

Dhiraagu launched the first commercial 5G service in the Maldives (and South Asia) in 2019 on a limited basis in Maldives. Ooredoo followed with ...

Ooredoo Maldives has announced a significant expansion of its 5G network, now covering 60% of the country. This milestone brings advanced high-speed internet access to ...

The map above comes from Ookla® Speedtest Intelligence® and shows where in the world you can 5G mobile phone coverage and when the infrastructure was first built.
